1. The amendments to the claims have been entered. Claims 1, 10, and 15 are currently amended.

Allowable Subject Matter

2. Claims 1-23 are allowed.
3. The following is an examiner's statement of reasons for allowance: While Baker et al. disclose a phoneme table from which a user can select phonemes in the composition of a pronunciation of a portion of text, Baker et al. does not disclose or suggest presenting activatable visual identifiers corresponding with prosodic parameters, activatable visual identifiers corresponding to pronunciation stress parameters, and activatable visual identifiers for adding, removing and/or rendering phonemes, prosodic parameters, and pronunciation parameters, simultaneously with activatable identifiers representing phonemes, as now required by independent claims 1, 10, and 15. Furthermore, Shaw et al. and Holm et al. do not teach or suggest the simultaneous presentation of these four distinct sets of activatable visual identifiers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
